

# AFREEN ZUBER SHAIKH

## UI/FRONTEND DEVELOPER

### SUMMARY

UI/Frontend Developer with 7+ years of experience building responsive, accessible web applications with consistent cross-device and cross-browser performance. Skilled in React.js, JavaScript (ES6), HTML, CSS, Tailwind CSS, Redux Toolkit, and React Router. Familiar with API integration, Git, and modern component-based frontend development.

### EXPERIENCE

#### Infogain - Neighborly

##### Consultant UI

05/2023 - 03/2025 - Mumbai, India

- Built reusable React components for the Neighborly internal system using Tailwind CSS, JavaScript (ES6), React Router, Redux Toolkit, and API integration.
- Developed and maintained 20+ Neighborly brand websites, implementing theme-based CSS with HTML5, CSS3, Flexbox, and CSS Grid.
- Optimized application performance, improving page load efficiency and increasing Lighthouse accessibility score from 82 → 96.
- Collaborated with developers and QA teams in an Agile environment, participating in sprint planning, stand-ups, and code reviews.

#### Infogain - FedEx - Sustainability Platform

##### Software Engineer

07/2021 - 04/2023 - Mumbai, India

- Crafted reusable user interfaces using React, Material UI and JavaScript (ES6), translating design mock-ups into functional screens.
- Integrated APIs, implemented React Router, and worked with Redux Toolkit for dynamic application functionality.
- Improved UI performance and maintained cross-browser compatibility across responsive interfaces.
- Worked closely with developers and QA teams, contributing to code reviews and maintaining code quality.
